### School Description

Twin Lakes Elementary School, the home of the Comets, is a place where we seek to rise above our challenges with strength and direction. Our school is located in the San Gabriel Valley in the City of El Monte. Twin Lakes Elementary School is a nurturing learning community with approximately 440 students in Kindergarten to seventh grade. Our hard-working teachers, staff, and administrator always put students first. Through a caring and safe environment, we demonstrate our commitment to high intellectual, social, and personal expectations for all students. We emphasize written expression, balanced nutrition, the performing arts, and caring for our environment through recycling. Given our present models of distance learning, our school and staff are dedicated to providing a variety of virtual events to motivate and meet the socio-emotional needs of our students and community. These events include: Student Recognition Celebrations, weekly Lunch Bunch zoom sessions in fourth-seventh grade, PBIS events, Community Food Distribution at the site, and Performing Arts opportunities for the kindergarten-sixth grade students. The Comets' Recycling Club is renowned in our local community, having won the City of El Monte Recycling Award nine times in the last eleven years. A wide variety of educational and extra-curricular events are part of our learning community. These activities include Student of the Month Assemblies, Recycling Club, Red Ribbon Week, Mini Olympics, Reading Is Fundamental (RIF) assemblies, Raising A Reader, Read Aloud Week, Honor Roll, Safety Patrol, STAR BAZAAR, Family Read-Aloud Nights, and Family Engagement Field Trips. Our sixth grade students have dance classes through a partnership with Conga Kids. Prior to distance learning our sixth and seventh grade students would have had access to take Introductory Band. Twin Lakes, with the support of the Mountain View School District, continues to offer a Mandarin World Language Program in kindergarten and first grade. Our program is intended to provide our Kindergarten and First Grade students with a culturally and linguistically diverse learning environment that will empower them to better meet the future challenges and opportunities of our unique community. Other educational opportunities beyond the school day include THINK Together and the Homework Center. These after-school programs provide homework support, as well as STEM and arts activities, team sports, and youth development extending the educational program past the instructional day. Both programs are in direct alignment with school and district programs.

At Twin Lakes Elementary School we believe that academic and social skills go hand-in-hand. Our school is in the seventh year of the Positive Behavioral Interventions & Supports (PBIS) framework. This is a statewide evidence-based behavior system that encourages positive interactions in all areas of the school. Our goal is to provide "a safe, responsible, and family-friendly environment that promotes positive attitudes with high expectations for social, emotional, and academic success." This program builds on our past work as a Peace Builder School where students were taught the six principles of Peace Building: Praise People, Give Up Put Downs, See Wise People, Notice Hurts, Right Wrongs, and Help Others. For students needing additional support, we provide counseling services through our full-time school counselor, a program that is made available through our district's LCAP funds.

Parents and community members are encouraged to participate in organized activities such as school-based parent meetings, where a variety of topics are presented covering school safety, bullying, and curriculum. Parents also have an opportunity to participate in CABE, English Language Development (ELD) classes, as well as technology and parenting seminars. Parents are an essential part of our school and district advisory panels---SSC, ELAC, SPAC, and DELAC. At Twin Lakes Elementary School, together with our parents, we strive to create a welcoming school environment where all members can create the best learning environment for our students.

Our goal in presenting you with the information within this report card is to keep our community, families, staff, and students well informed. We want you to feel part of our "family" so if you have any questions about this report card, feel free to call our school.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Twin Lakes Elementary School was built in 1986. Our school provides a safe, clean environment for students, staff, and volunteers. Currently, our school serves approximately 440 students spanning Kindergarten to seventh grade. In addition, we have two computer labs, a library, and a multi-purpose room. Classrooms, restrooms, and general areas are in good repair and receive basic cleaning on a scheduled basis. Detailed cleaning is done during vacation periods. The District provides maintenance services on a regular schedule, or during emergency situations.

All facilities at Twin Lakes Elementary School site have been inspected and found to be maintained in a manner that is clean, safe, and functional; providing an environment that supports the quality education that Mountain View School District has set for our students. For many years, the SARC has included a reporting element for the safety and cleanliness of facilities. Each year the school is inspected by the Los Angeles County Office of Education. The most recent inspection found the campus in good condition in accordance with the Williams Settlement legislation. In addition, daily reports of incidents that require repair are processed through work orders, with emergency repairs receiving the highest priority.

There was a major improvement project undertaken at Twin Lakes School during the 2015-2016 school year.

### School Facility Good Repair Status (Most Recent Year)

Using the most recently collected FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### **CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard**

<b>Subject</b>	<b>School 18-19</b>	<b>School 19-20</b>	<b>District 18-19</b>	<b>District 19-20</b>	<b>State 18-19</b>	<b>State 19-20</b>
<b>ELA</b>	37	N/A	40	N/A	50	N/A
<b>Math</b>	26	N/A	28	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2020-21)

Twin Lakes believes parent involvement is an integral component for student success. Twin Lakes Elementary School encourages parent participation in a variety of ways. Due to distance learning, all parent meetings are held virtually. These meetings are advertised on our school website, our school Facebook page, as well as through phone calls, emails, and text messages sent through our Parent Messenger system. A monthly parent bulletin is sent out electronically letting parents know about parent meetings and school events. Teachers also send out parent messages through their communication platforms. All of our parent activities are conducted in English and Spanish to meet the linguistic needs of our school community. Translation in Vietnamese and Mandarin are also available. Our Twin Lakes Parent Advisory Council (TPAC) meetings are held at least five times a year. From these general meetings, we hold annual elections to select school representatives to the Superintendent's Parent Advisory Council (SPAC), English Learner Advisory Council (ELAC), and the School Site Council (SSC). Twin Lakes parents are vital to our decision-making process. They are active leaders in our in School Site Council (SSC), District and School English Learner Advisory Committee (DELAC), and our Title I Parent Advisory Committee. The SSC is the primary governing body that meets regularly to review academic programs, instruction, data, and allocate budgets while addressing school-wide concerns. Parents elected to these committees serve a term of two years and may be re-elected for additional terms. In addition to leadership roles in these formal committees, parents volunteer in our classrooms and throughout our school.

Here at Twin Lakes, parent professional development is designed to promote parent engagement in the educational process in order to further enhancing their parenting skills. During the year, parents receive ongoing training through our Twin Lakes Parent assemblies (TPAC) and nightly scheduled activities. These trainings include: Early Literacy workshops, and presentations on Sobrato Early Academic Language Model (SEAL), ELD and ELPAC, SBAC, home Math activities, and Reclassification. Program topics have included, "Educational strategies and activities which parents can use at home to help their child," "Fiscal Responsibility," "Saving for College," "Positive Parenting," "CAASPP Testing and Reporting," "Attendance," and "How to Keep Learning Alive in Summer." Parents assist students and staff in our School Site Council, Gardening Project, Recycling Club, Parent Action Team (PAT), and TPAC meetings. In addition, parents are invited to attend workshops developed and presented by parent leaders utilizing the CAFE parent trainer model. Throughout the year, parents support the school by becoming field trip monitors, volunteering in the classrooms, facilitating school events like our Reading Is Fundamental (RIF) assemblies, being part of our school committees and assisting with extra-curricular events.

Twin Lakes has a full-time parent community liaison provided through Title 1 funds, who coordinates parent volunteers and provides assistance to school families with outside resources, uniforms, insurance information, and attendance issues. Our parent involvement activities are linked to student achievement and enhance community support. Parents become knowledgeable in Common Core Standards, PBIS, selected technology programs used at our school, attend family reading and crafts activities in our school library, attend educational family engagement Field Trips, and participate in Family Biliteracy classes. Our community partnerships support our school/parent relationship. We have ongoing partnerships with Los Amigos, Kaleidoscope, Think Together, Lillian Ray, Foothill Family, Pacific Clinics, Elks Club, Hamni Church and the City of El Monte Police Department. Twin Lakes Elementary School has committed school funds to promote and support parent involvement. We encourage all parents to take an active role in their child's education. "At the end of the day, the most overwhelming key to a child's success is the positive involvement of parents." - Jane D. Hull

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan (School Year 2020-2021)

The safety of students and staff is a top priority at our school. We have systems in place to ensure that all students are physically and emotionally safe and secure. All buildings meet state building codes and provide sufficient space for students and staff. Maintenance schedules and policies established through the Mountain View School District are met and carried out on-site by one full-time and three part-time custodians. Grounds are kept clean and safe, maintained on a daily basis, and inspected regularly with 24-hour emergency personnel kept on-call. In addition, students attending Twin Lakes Elementary School are constantly under adult supervision. Aside from the supervision by their teachers during class periods, campus monitors watch students during breakfast, recess, and lunchtimes. They are also on campus before students arrive in the morning and ensure bus-loading and parent pick-up safety in the afternoons. All visitors must enter through the office, sign-in and out, and wear a visitor's sticker. Our school is a closed campus, and all gates to the school buildings are locked during normal school hours. There is a camera and a security gate installed in front of the school. All visitors must notify the office by use of a buzzer prior to entering our campus, enabling office personnel to monitor and ensure that the safest environment is maintained for students.

In further striving to ensure student and staff safety, in collaboration with the Los Angeles County Office of Education and the Mountain View School District, a Comprehensive School Safety Plan was developed and adopted. The plan provides guidance in key elements of safety including child abuse prevention and reporting, safe entering and exiting, safety drill, and disaster and discipline procedures. It is discussed, reviewed, and updated with staff and the School Site Council annually, and is available to the public through the school office. The plan is reviewed, revised, and approved annually. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Safety drills such as fire, lockdown, and earthquake disaster drills are conducted on a regular basis throughout the school year. Annually, Twin Lakes participates in California's Great Shake-Out drill. Teachers' professional development is current and they have been trained in active shooter drills and mandated child report training. After each monthly drill, the principal sends an updated report to the District. An emergency storage bin contains food, water, and other supplies for use during a disaster. This plan also reflects COVID 19 safety protocols.

Behavioral expectations, as outlined in the Student Handbook and aligned with our PBIS framework, are followed by all students in all classrooms to provide assurance that the school is making every endeavor to keep students safe from harm. We are very proud of our efforts in reducing our suspension rate. Each academic year, several anti-bullying efforts take place. During the month of October, there is a school-wide anti-bullying campaign, aligned with the national campaign, where students write positive messages to each other. The teachers and the school counselor conduct several anti-bullying lessons in the classrooms. Twin Lakes also hosts several anti-bullying assemblies provided by outside resources, as well as through our School Resource Officer through the City of El Monte Police Department. Our counselor works with students one on one and in small groups to increase their leadership skills, as well as their ability to work cooperatively to enhance our safe learning environment and raise student achievement.

This plan is available for public viewing in our school office and on the school website. Our school is currently updating our Safety Plan which will be submitted for School Board approval on or before February 2021.

### Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	2.2	2.0	3.3	1.8	3.3	3.6
Expulsions	0.0	0.0	0.0	0.04	0.09	0.09

### Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions			
Expulsions			

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

### Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Each year professional development is based on student data and teacher needs. The primary areas of staff development at Twin Lakes and MVSD are ELA, specifically focusing on reading comprehension and writing, Mathematics, and English Language Development. These areas were determined based on data from CAASPP, DORA, ADAM, and local assessments, as well as staff input. Twin Lakes teachers have multiple opportunities for professional development (PD) throughout this school year, as well as the previous school years. Professional development topics have included: implementation of the California Common Core State Standards, Sobrato Early Academic Language (SEAL) Model embedded into ELD - Language Function Walls, Wonders ELA/ELD curriculum, Mathematics - Depth of Knowledge questioning, Write From the Beginning and Thinking Maps, Visual and Performing Arts (VAPA) Integration, Technology in the form of Teacher Technology Leads (TTLs), Positive Behavioral Interventions and Supports (PBIS), the Next Generation Science Standards, and intervention systems like Imagine Learning and Let's Go Learn.

Twin Lakes teachers are all fully credentialed and have all received professional development of SBE-adopted instructional materials aligned with the California instructional blueprints and framework. The district offers full 3 days of professional development throughout the school year and teacher-directed professional development the third Tuesday of every month in accordance with the district LCAP plan. Twin Lakes continues to offer additional professional development opportunities through site and district TOSAs, webinars and structured classified and certificated professional development online. Site professional development also occurs through site staff meetings, grade-level collaboration meetings, teacher planning days and sessions, and after school workshops, conferences, and webinars. Another component is Data Reflection Sessions where teachers analyze data and share best instructional practices. Finally, teachers are supported during implementation through peer coaches, the principal, and district Teachers on Special Assignment (TOSAs).

During the 2018-19 school year, the following professional development was offered during multiple sessions. Elementary TK-6 teachers and staff participated in Designated ELD instruction, including small group instruction and academic language strategies. In the areas of mathematics, professional development focused on the domains of Problem Solving and Communication and Reasoning, additional training was provided to support ELD in Mathematics, including classroom structures and engagement, and academic language strategies.

Based on the COVID-19 pandemic and Distance Learning, during the 2020-2021 school year teachers received continuous professional development on the use of the different technology platforms and programs, including the Google Suite, SeeSaw, Schoology, Imagine Learning, Learning Ally, and other site and district-approved computer-based programs, to better support distance learning. The classified staff has also received professional development on how to use different technology platforms and programs to support teachers, student learning, and parents. Continuous professional development focuses on professional growth and the development of knowledge and skills for all employees resulting in improved student academic performance.

**Types of Services Funded**

Twin Lakes Elementary School utilizes supplemental funds from the state and federal government to meet the diverse academic and socio-emotional needs of our students. The Single Plan for Student Achievement (SPSA) outlines these goals and our planned budgetary expenditures to meet them. Our School Site Council (SSC) made up of staff and parents annually reviews and revises the plan and our progress toward meeting our goals and following the criteria outlined in our program improvement status. In addition, the School Site Council monitors the plan's implementation throughout the school year and seeks input from parent groups, school staff, and the English Learner Advisory Council (ELAC) to update the plan as needed.

Twin Lakes is supported by multiple funding sources from both the State and federal governments. Funds are used to pay for library services and books, the computer lab, classroom computers, instructional supplemental services, health clerk services, supplemental instructional materials, instructional software, and professional development among other things. The majority of these funds are used to pay for support personnel that provides direct services to our students such as instructional assistants, library aide, community liaison, health clerk, school counselor, and technology tech. Parent Involvement and education are also paid for by Title I. Such funding sources are titled "categorical" and support programs.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
