

iPad Users with Software Version iPad iOS 13.1.2 or Newer:

iPad users with software version **iPad iOS 13.1.2** or newer will need to change their setting in Safari to turn off the Auto Reader and allow the Learning Upgrade app to automatically load.

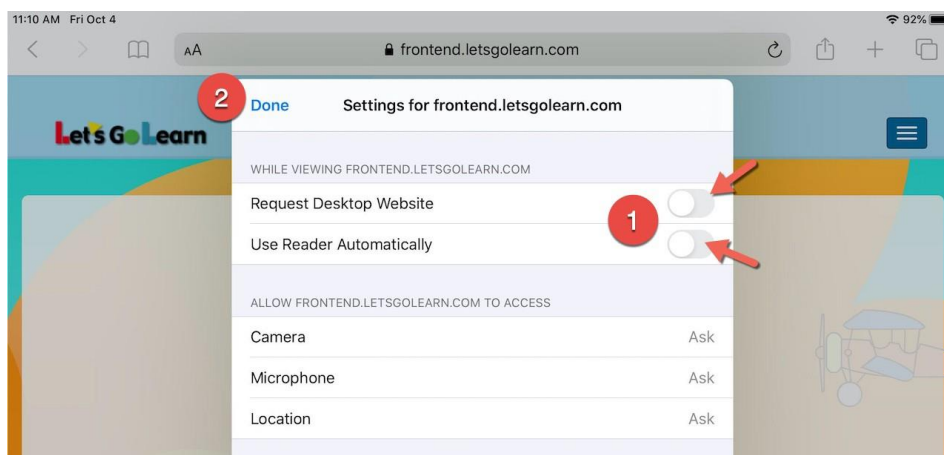

Make the following changes from the Student Activity page after students log into their Let's Go Learn account:

1. Click **AA** on the address bar.
2. Click on **Website Settings**.

On **Website Settings**:

1. Turn off **“Request Desktop Website”** and **“Use Reader Automatically.”**
2. Click **“Done”** to save.

This will save your setting for Let's Go Learn on this iPad.
